How to read this catalogue

- Every quality is listed with its reference code, fibre content and — where the mill publishes them — finished weight and width. Quote the reference code and we will know exactly which quality you mean.
- Colour: all qualities are dyed to order. Greige and sample cuts are held for sampling.
- Sampling: 1 m cuts and colour cards are available for every quality in this catalogue.
- Price: quoted per order. Send us the qualities, colours and quantities you need and we come back with a firm offer, including sampling and lead time.
